

# CS Club at Stan State

A community of undergrads at CSU Stanislaus aiming to foster and cultivate technical interest in Central Valley.

Join Now

## About

### Workshops

Develop marketable skills with our workshops offered by club officers and faculty. A great way to practice coding outside of the classroom.

### Mentorships

Surround yourself with individuals who can facilitate the learning process. Our community gives back by helping out others with mentorships and coaching.

### Internships

Apply to internships. We help build your professional network and prepare you for employment.

### Hackathons

Build and create an application at our annual hackathon. Employ the technical skills that you've learned here!

### Code Sessions

Code with your community. We hold meetings where we practice and teach the technical skills required to be a software developer.

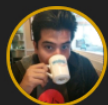

### Guest Speakers

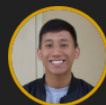

Gain insight from professionals in the industry. Developers will hold talks on campus to discuss their experience and help others succeed.

## Fall 2018 Club Officers

Anthony Castellano

John Solo

Avelardo Valdez

Anthony Cantellano

**Founder**

Anthony Cantellano is the founder of the Computer Science Club with a growing knowledge in Java and Web development.
